

TRUSTS

InterCam offers highly specialized fiduciary services, focused on meeting your needs in an agile and reliable manner. We tailor a legal instrument to your specific needs that securely and transparently details the reception, administration, and disposition of the assets and/or rights that must be safeguarded.

Types of Trusts

- › Resource Management and Investment
- › Estate Management and Investment with Succession Purposes
- › Shareholding Control
- › Real Estate Management and Development
- › Collection Rights Management
- › Guarantee
- › Pensions and Savings Funds
- › Transfer of Ownership in Restricted Zone
- › Management and Source of Payment
- › Issuers

Choose the Trust that best suits your needs and let us manage it with the quality and efficiency that characterize us.

Benefits

- Custom legal advice, allowing you to save on legal fees for contracting a law firm to draft the contract.
- Specialized fiduciary advisors offer direct consultation at each stage of the trust process.
- Experience unparalleled control over your budgets and expenses through Intercam's proprietary web platform, our state-of-the-art system that allows you to instruct and monitor both individual and mass payments seamlessly for a highly operational Trust¹.
- Ensure the issuance and delivery of financial statements within the agreed timelines.

Embrace the **Humanizing Banking[®]** philosophy at Intercam.
